A FAIR! A FAIR!!—In accordance with a custom that has long prevailed in England, the citizens of St. Joseph county are invited to a FAIR at White Pigeon, on the 16th of November next. It may be proper to state that the design of a Fair is to facilitate trade of all kinds. Those who attend bring stock or any thing else they have to sell or exchange for other property; or, if they bring nothing they may wish to purchase of those who do bring something. It will be seen at once that it brings together, at one place, such commodities as are for sale in the country, as well as all the buyers and actlers. It is among country people, what an exchange is among merchants and brokers in cities. CITIZEN.

HEALTH.—BAILEY'S CHEMICAL COMPOUND FLUID EXTRACT OF SARSAPARILLA, for purifying the blood, and removing all diseases arising from injudicious use of Mercury, exposures and imprudencies in life, Scrofula, Kings' Evil, White Swelling, diseases of the liver and skin, constitutional weakness, chronic and nervous affections, &c. &c. It has also been found a most useful apring and fall pualso been found a most useful spring and fall purifier of the blood. The rapidity with which this article has sold, and the very flattering recommendations it has received, are evidences of its superior efficacy. The subjoined are among the communications in the hands of the proprietor:

In calling attention to the medical virtues of this celebrated plant, I would advert to the fact familiar with every physician, that a numerous class of diseases arise from that impure state of the blood, which this active remedial agent is so efficacious in purifying. The great importance attached by medical practitioners to the properties of the Sarsaparilla has engaged the attention of chemists, as to the mode of preparation in which its virtues can be most advantageously combined. Their experiments have resulted in the discovery that the Chemical Compound Fluid Extract is decidedly superior to any other form in which it can be used. Since the introduction of the Fluid Extract, it has grown into rapid and extensive use, and its reputation is constantly in-creasing. We consider it one of the most valua-ble articles in the Materia Medica, and find a mable articles in the Materia Medica, and find a material advantage in the standard preparation of uniform strength which is obtained by the Fluid Extract. Its superiority over the Decoctions and Syrups sometimes made use of, is strikingly apparent. It obviates the necessity of preparing fresh decoctions every day; and does not surfeit and nauseate the stomach with the large proportion of sugar which has to be taken with each dose of the syrup, and which renders it incapable of holding much of the pure extractive matter in solution.—One bottle of the Fluid Extract is fully equal to a gallon of the syrup, or the decoction, as usually prepared.

The virtues of this valuable medicine cannot be too extensively known, as there is scarcely an individual who would not be benefitted by its use. The uniform testimency of medical men in its favor, and the great success which has attended its introduction, both in hospitals and private practice, is a convincing proof of its value, and of its superiority over other preparations of the Sarsaparilla.

Mr. C. G. Baistol.—Dear Sir: Please send me four dozen bottles Builey's Compound Fluid Extract of Sarsaparills.

I cannot but express my highest sense of gratification in the result this excellent preparation has had in the curs of Cutanous Diseases. In every case which has come under my practice, it has had the most complete success. Not one—even the most obstinate and long standing—but has received a permanent cure from this very excellent compound. In a section of country like this, where the principal diseases arise from a vitiated state of the blood, I think the introduction of your preparation will be of the most eminent astrice.

I consider it the neatest preparation of sarsaparilla I have ever met with, and as such I unhesitatingly give it my earn at recommendation.

Truly yours, 60.
